- Hunter Fuentes (6) -- Feb. 5
- Michael Jordan (47) -- Feb. 17
- Rihanna (22) -- Feb. 20

exploring THE SECRETS OF "MY PYROMANIA"

Q: How long do Lobsters live?

At least in theory, a lucky lobster could live forever. Scientists believe that lobsters do not die from aging - unlike most animals, lobsters never slow down or weaken simply because they're older. So a lobster that can avoid injury, disease or being caught will never die!

Presidents Day

February 15
No School

Tuesday, Feb. 15	Wed., Feb. 17	Thursday, Feb. 18	Friday, Feb. 19
