

Dear Guymon High School Friends and Alumni,

The "Alumni Court and Memorial Wall" Project is still alive and kicking! Donor bricks sold last year have arrived. "Class of Stones" have been ordered and will be here this fall. The project has been very positive with over twenty thousand dollars raised. The total project is estimated to cost around fifty thousand, so you can see that additional help is needed.

The Alumni Court Committee is seeking continued Community and Alumni support. The total project can and will be developed in stages, but to complete the brick courtyard and **to build the "Memorial Wall"** additional funding is needed.

The "Alumni Court and Memorial Wall" project is about providing a place on the high school campus to honor our fallen heroes, recognize academic achievement and foster ***Tiger Pride***.

To recognize individuals, groups, and community businesses contributing to the Alumni Court Project, a donor plaque(s) will be located on site. The plaque(s) will be made of bronze or aluminum and be a permanent marker and visible to visitors for years to come.

A cash or in-kind donation (labor, equipment, or materials) will be **GREATLY** appreciated!

Thank you for your consideration of this very special request. The Alumni Court and Memorial Wall Project is very doable! It can be a wonderful place for recollection, reflection, and school community pride. To be put on a list of donors and recognized on the donor plaque(s), complete the enclosed form and attach your donation information. If submitting a check please make it out to "Alumni Court Project".

Sincerely,

Alumni Court Committee

Liz Lee, Committee Chairperson
